**Advocacy
for young
people**

Someone can help you. They are called an Advocate.

An Advocate will get to know you and will find out what is upsetting you.

They will speak to your teachers, parents, social worker and anyone else to help you and to make things better for you.

An Advocate can also help you at:

- ➔ School Meetings
- ★ Meetings to do with your health
- MEETINGS TO DO WITH YOUR CARE
- ➔ MEETINGS TO do with where your next school will be

They will speak up for you and let the right people know what makes you unhappy and what to do to make you happy!!
