

We Offer a 2 stage support to ensure that whilst families are on a waiting list they are getting a level of support at point of contact with Parent to Parent:

Stage 1 Support: Once the referral is received and accepted, the Parent/Young Person will be placed on our waiting list. At this stage we will provide support to understand and manage their child's and their own responses to anxiety/behaviours via our Decider Skills workshop. We will also offer access to a waiting list Peer Support group. On completion of Stage 1 support Parents/carers will proceed to the waiting list for stage 2 support.

Stage 2 Support: Once a support worker becomes available the parent will then be contacted to arrange a visit or a chat to discuss what is worrying them and most importantly what can be done together to reduce this or in some cases eliminate them.
